

ASC Delta Rib | 16 Sep 2022 Sales Print

24 SEP 2026

ASC Profiles Delta Rib 24-inch roof/siding panel | 2022 Sales Print: dimensions approximate

ORIGINAL RIB-RHYTHM SCHEMATIC - NOT TO SCALE

Identification only: actual loose width, side laps, shallow-bead rise, radii and tolerances are not printed.

**40 DEG MAIN WEB**

**8 IN MAIN PITCH**

**13/16 IN MAIN RISE**

**4 IN TO MINOR BEAD**

**LAP OMITTED**

LAP OMITTED

24 in is installed net cover, not loose-sheet or coil width. Major rib: 5/8 in crest; 2 1/2 in base footprint.

Shallow bead: 3/4 in crest; 1 1/8 in base footprint. Check exact ASC drawing and the full-width field sample.

APPROXIMATE 2022 SECTION / LATER 2025 PRODUCT SHEET HAVE DIFFERENT ROLES

Do not infer unchanged current tooling or fabricate missing two-edge lap dimensions from the center section.
